- Why build when you can buy and move in well before Christmas?

Features we love:

We think you'll enjoy the timeless neutral tones with a splash of coastal blue to brighten the living area. From the wide entry through to the large open plan living area with direct stacker door access to the North East alfresco and landscaped garden complete with firepit, this home delivers on space, light and natural ventilation. The floorplan works so well for the family with great separation between the main bedroom, family bedrooms and second living area. Low fuss gardens leave time for family and fun whilst still having room for kids and pets, and you'll love how private the back yard is. As a bonus, the laundry, toilets and gardens are running on tank water.

You can comfortably walk to the Baringa School campuses as well as local shopping, dining and health and fitness facilities. Not to mention proximity to some of Queensland's best beaches. With the soon to open Bells Creek direct access to the highway, even a commute to Brisbane is about to become a whole lot easier.

Our owners are moving closer to family so here is your opportunity to skip the stress of building and buy a home which still under builder's warranty with NuTrend Quality Builders.
